

## IUIS Enrollment Procedure for New Students

### Please note before you begin to avoid problems with your Enrollment Confirmation:

1. Make sure that your information in the Enrollment Confirmation fields is complete, updated, and correct. If not, you can go back to your **Personal Information** and update that information.
2. Make sure to fill-up, sign, scan, and upload the scholarship application forms accordingly. Follow the uploading guidelines to avoid problems.
3. Review your information and other requirements before submitting your enrollment confirmation. You can no longer change or update once you have submitted it.
4. The school will evaluate and approved your enrollment confirmation application. You will receive a notice about your enrollment through your registered email and student module messaging feature. You are also advised to login to your Applicant module from time to time to receive announcements and your Registration and Assessment status.
